

Ceremony Packages

Say I Do

Create a day unique to you! Working with The Wedding Planners Whitsundays ensures not only that your day is a perfect reflection of you as a couple, but the lead up to your day is seamless and stress free. With intimate knowledge of the Whitsundays and relationships with industry suppliers, your wedding planner will make certain that all aspects of your day are attended to as well as being present on the day itself to greet guests, cue bridal arrival and all ceremony music.

Each sample package contains common details for a perfect day including your ceremony location and wedding celebrant along with the legal paperwork and lodgement of forms. Other inclusions such as bridal hair and makeup in your accommodation room and luxury transfers to your ceremony are also noted in these sample packages.

As each couple has different requirements, budget and needs these sample packages are just a guide! We can provide a custom package, adding or removing inclusions, to create a day unique to you and within your preferred budget.
